

Seamus O'Regan
Co-host, CTV's Canada AM
Renowned journalist, philanthropist,
and badge hoarder.

Seamus was usually
first to reach the top.
Whether it was a large
hill, a small mountain
or Canada AM.

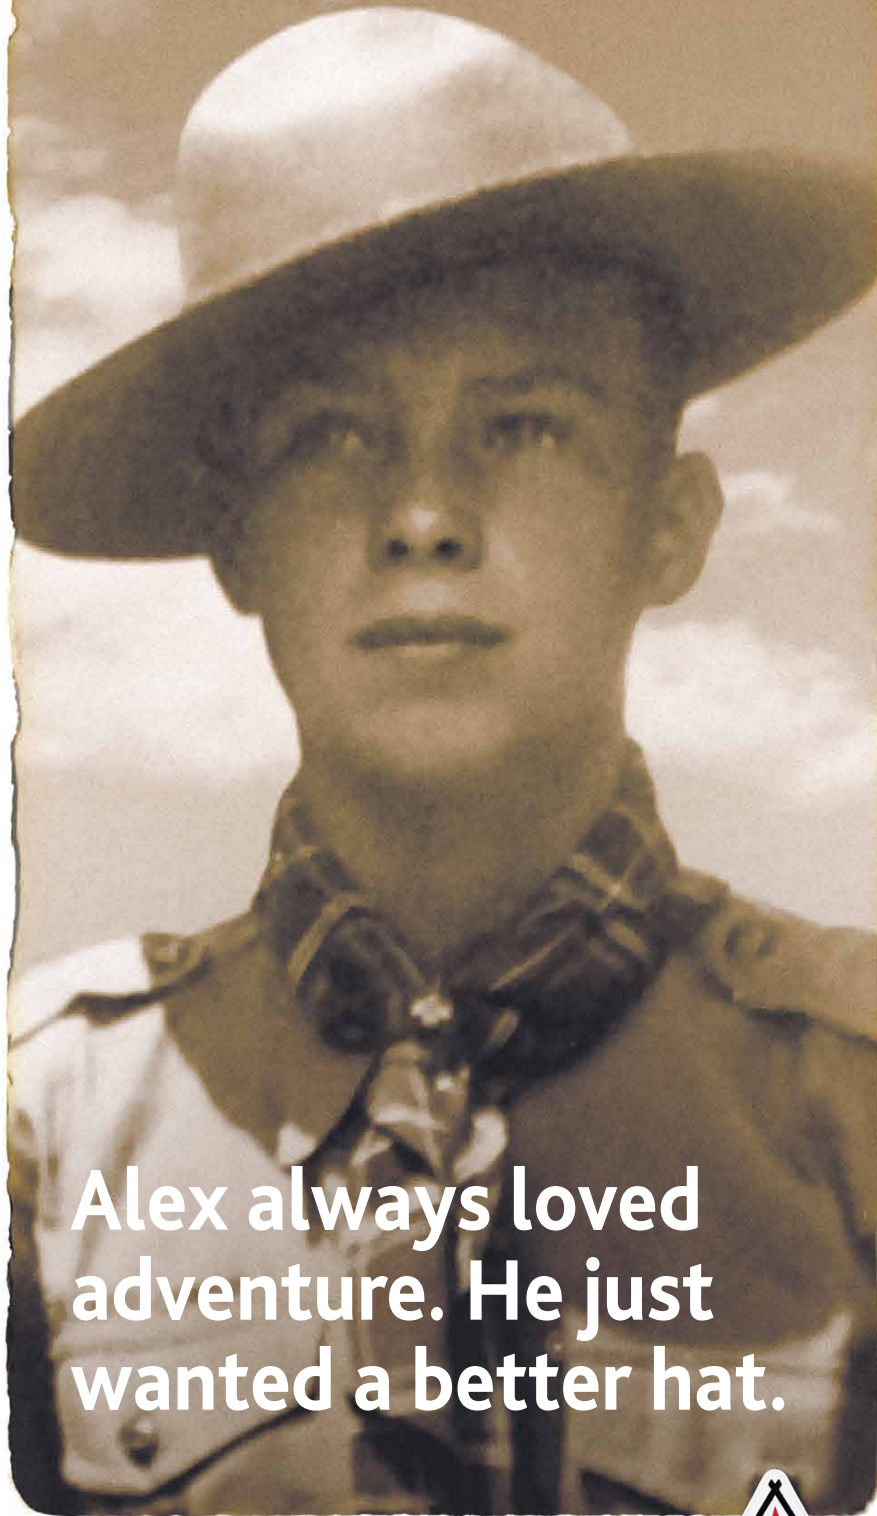

A fanatic about adding more badges to his red sash, Seamus learned early that effort and perseverance worked wonders in getting to where he wanted to go, no matter what he set his sights on. Since 1907, we've been helping Scouts like Seamus achieve success, whether going toe to toe with world leaders, or actually becoming them. Learn more about them at scouts.ca/today

It starts with Scouts.

Alex Tilley

President & Owner, Tilley Endurables Inc.
Successful businessman, philanthropist,
and famous hat inventor.

Alex always loved
adventure. He just
wanted a better hat.

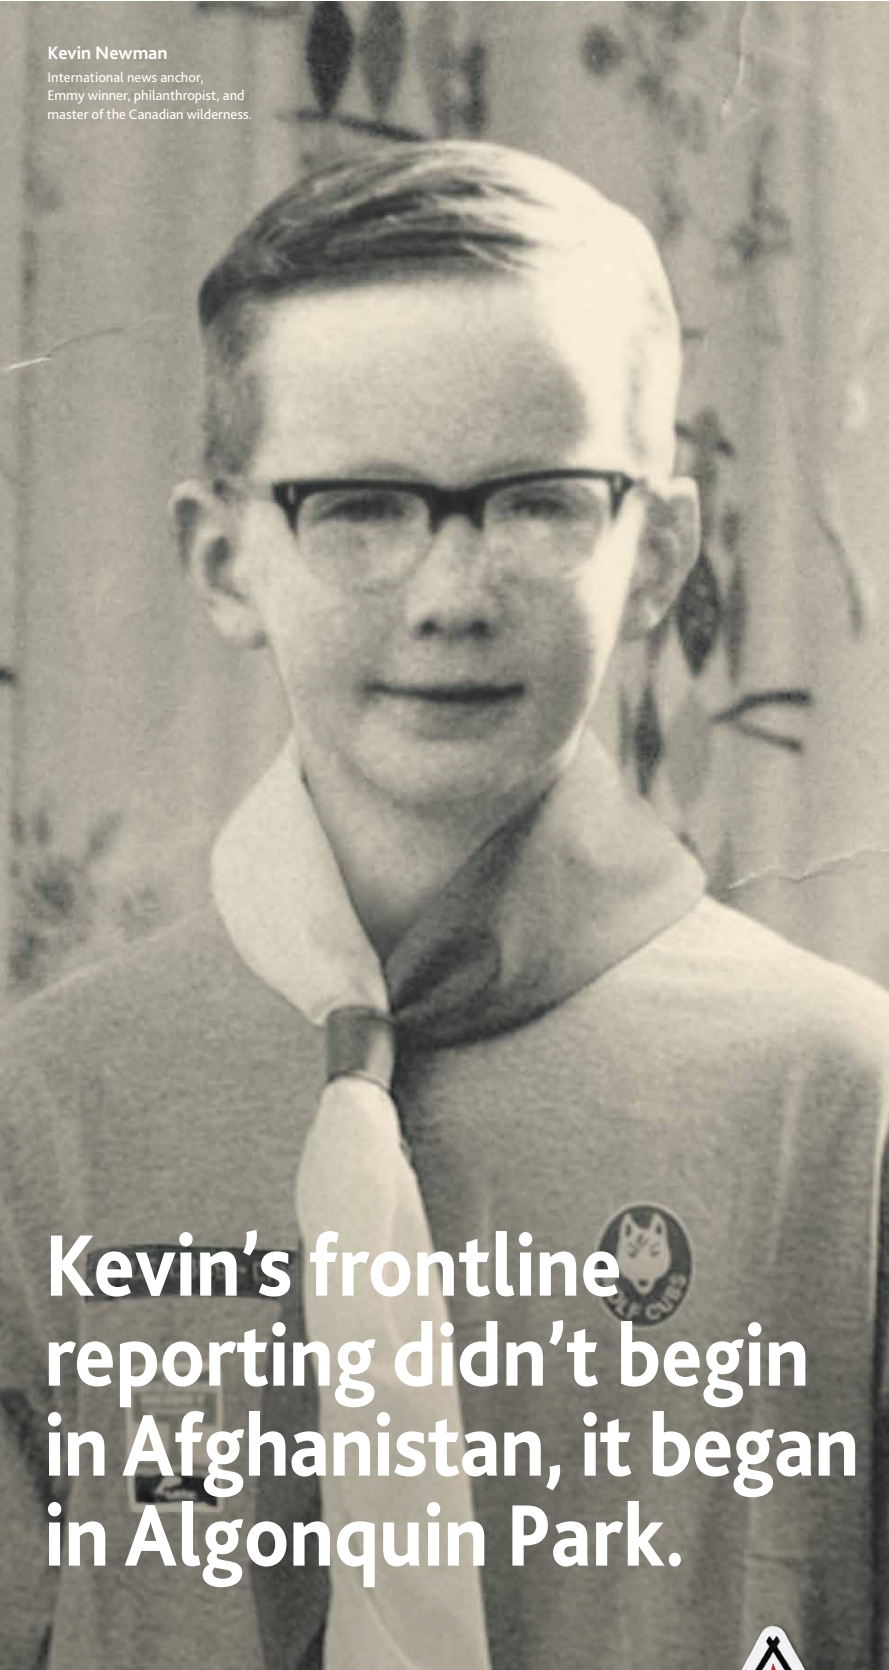

From the moment he joined Scouts, young Alex felt an immediate bond with nature and the great outdoors. Little did he know, the knot he mastered as a Scout would be the same knot he'd use to tie his famous Tilley Hat. Since 1907, we've been inspiring Scouts like Alex Tilley to help make a difference, as leaders, philanthropists, and successful business people. Learn more about them at scouts.ca/today

It starts with Scouts.

Kevin Newman

International news anchor,
Emmy winner, philanthropist, and
master of the Canadian wilderness.

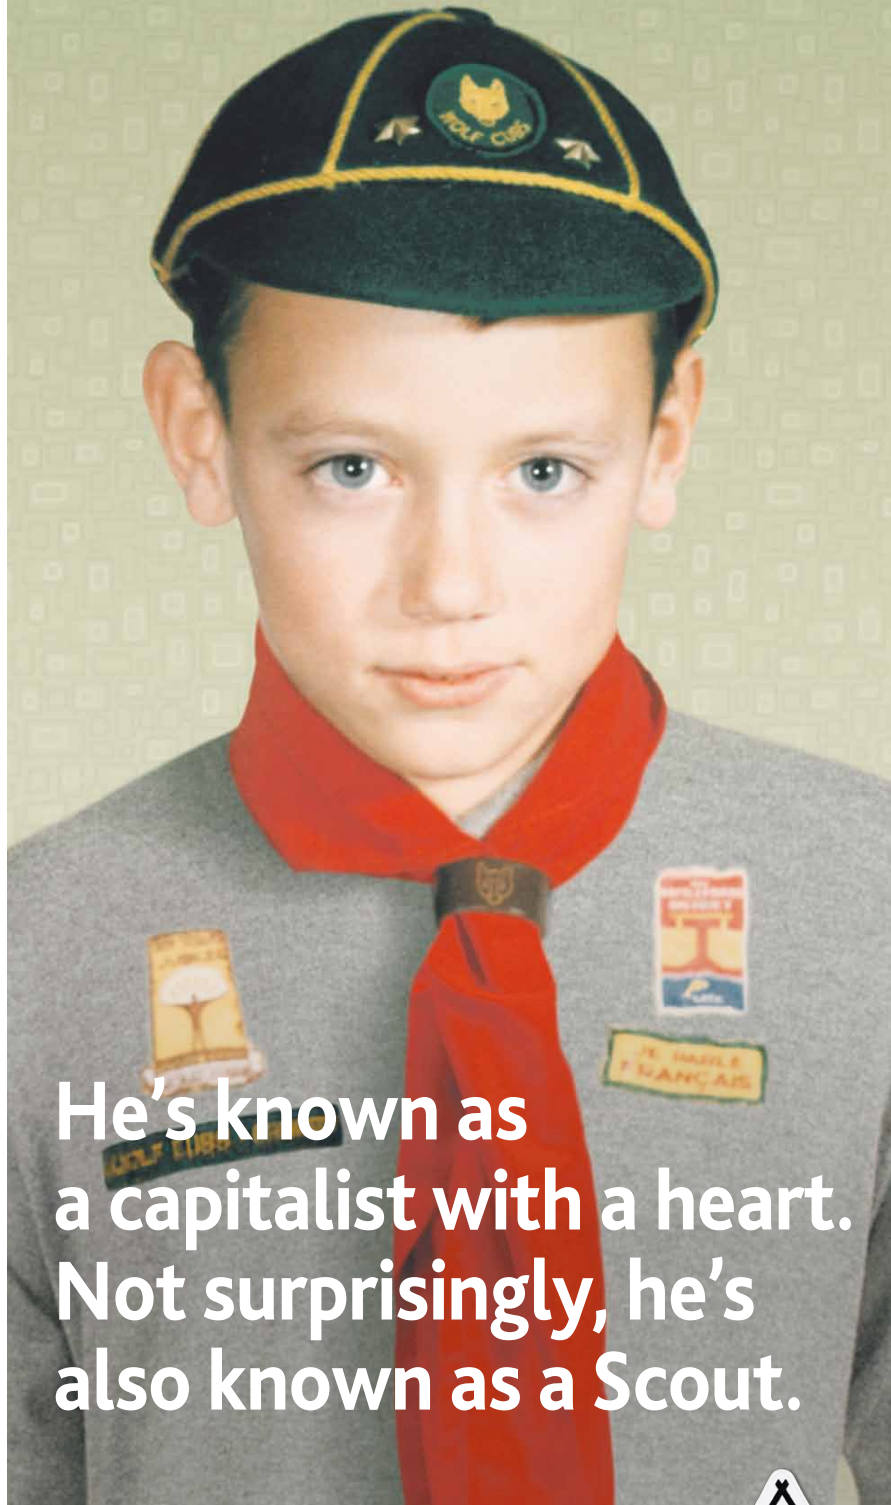

**Kevin's frontline
reporting didn't begin
in Afghanistan, it began
in Algonquin Park.**

Learning to master the Canadian wilderness was one thing Kevin really loved about Scouting. Turned out it was the perfect warm-up to reporting the world's top news stories from some of the most dangerous places on the planet. Since 1907, we've been preparing Scouts like Kevin Newman to meet any challenge that comes their way: in newsrooms, battlefields, and everywhere in between. Learn more about them at scouts.ca/today

It starts with Scouts.

W. Brett Wilson
Chairman, CANOE Financial,
creative philanthropist, friendly Dragon,
and Kilimanjaro adventurer.

He's known as
a capitalist with a heart.
Not surprisingly, he's
also known as a Scout.

Long before he was a Dragon, Brett was an eager young Cub earning badges for his hard work and good deeds. Today, as a successful businessman, philanthropist and dedicated father, Brett knows that integrity and a commitment to the community are still badges of honour. Since 1907, we've given Scouts like W. Brett Wilson the skills and confidence to succeed anywhere they might find themselves - whether it's in boardrooms, on the slopes of Mount Kilimanjaro, or in the company of Dragons. Learn more about them at scouts.ca/today

It starts with Scouts.

Dr. Steve MacLean
Canadian Space Agency President,
Astronaut, award-winning gymnast,
and robotic arm operator.

**We help kids plant their
feet firmly on the ground.
Even if it's on a space station.**

As a Scout, Steve's love of adventure was awakened when he took his first step into the wilderness. And every step he's taken since - from Stanford University, to Canada's Astronaut Corps to a walk into outer space - is part of a journey that began many years ago around a campfire, with friends. Since 1907, we've given Scouts like Dr. MacLean the confidence to explore the frontiers of laser physics, gymnastics and space. And needless to say, the results have been out of this world.
